

**SADDLEBACK VALLEY UNIFIED SCHOOL DISTRICT
GOVERNING BOARD MEMBER**

SUZIE R. SWARTZ

OCCUPATION: Teacher/Businesswoman

All our children deserve outstanding neighborhood schools. As a current SVUSD Board Member and parent, I understand the importance of parental involvement, accessible administrators and teachers, and School Board members who focus on supporting and strengthening our neighborhood schools.

As your Trustee, I will continue to promote fiscal responsibility, academic accountability, school safety and local control of our education tax dollars. I will continue to aggressively pursue additional sources of revenue and assistance for our schools, placing resources in the classroom where they have the greatest impact.

SVUSD has high academic standards supported by excellent teachers. Our district test scores are among the highest in the state. We must continue to emphasize reading, writing, science and math skills. Despite economic uncertainty, we must also work to reduce class sizes across grade levels and to bolster music and art. We must prepare students to achieve their potential whether they are college bound or seek immediate employment.

In our community, I have earned a reputation for integrity, open-mindedness and dedication. As a Governing Board Member, parent, teacher, PTA member, and community volunteer, I am committed to keeping SVUSD focused on serving all our students.

Please vote Suzie Swartz for School Board.
